

Including Member Information in Emails (Merge Fields)

Last Modified on 03/07/2018 3:50 pm AEST

Insert the required **Merge Field** into the content of your email where the member information is to be outputted.

Merge Fields can also be outputted in the 'Subject' field of your email campaign.

Below is a list of all available merge fields;

MEMBERCUDLIST3	<i>Club List Custom Field 3</i>
MEMBERCUDLIST4	<i>Club List Custom Field 4</i>
MEMBERCUDNUMBER1	<i>Club Number Custom Field 1</i>
MEMBERCUDNUMBER2	<i>Club Number Custom Field 2</i>

Additional Information

When sending Usernames to members, we recommend that this field is in a serif type

font such as Courier New or Times New Roman. This will help your members differentiate characters such as the letter I or the number 1.
