

Step 3: Customising the Design of the Form

Last Modified on 19/08/2016 11:25 am AEST

Quick Steps: Go to Tools > Themes > Add > Save > Events > Select your Event / Basic Information > Edit

1. Within the **OST Console**, select **Events** from the top menu, then click on the name of the event, or **Actions > View**
2. Select **Basic Information** from the expanded left menu
3. Click **Action > Edit** at the top of the page (it will default to the General Tab).
4. Within the **General** tab, select a pre-existing theme. If you only have one theme, this will automatically be selected.

Adding Images to your Form:

1. **OST Console**, select **Events** from the top menu, then click on the name of the event, or **Actions > View**.
2. Select **Basic Information** from the expanded left menu
3. Click **Action > Edit** at the top of the page (it will default to the General Tab).
4. Click on the **Images** tab
5. Upload the relevant images.
6. Click **Save** to update the changes.

Important Notes: When you've saved the design options in **Basic Information**, you can then view how the form looks on the front end by navigating back to the **General** Tab and clicking on the URL.
