Customising the AuctionDesq Portal

Last Modified on 07/04/2016 1:49 am EDT

Customising the AuctionDesq Portal allows you to ensure that the portal reflects your organisation's branding, as well as include any sponsor information that you might need to include.

Quick Steps: Go to **AUCTIONDESQ** / **OPTIONS** / **EDIT** / **DESIGN** and **IMAGES**

Customising the Portal:

1. Within the Management Console, select **AUCTIONDESQ** from the top menu, then **OPTIONS** from the left menu.

2. Click **EDIT** at the top of the page.

3. Select the **DESIGN** tab.

4. Select the Theme that you wish to use for your AuctionDesq.

5. Select the **IMAGES** tab.

6. Browse and upload the images based upon the following dimensions:

   Header – 940px wide, any height.

   Footer – 940px wide, 129px height.

   Background – Any size (940px gap if it is a centred background). STG recommends a minimum of 1280px wide x 1024px height, and a maximum of 3000px wide x 1500px height.

7. Click **SAVE** to update the changes.

If you need any assistance in updating your AuctionDesq portal, please contact STG via your Account Coordinator or support@sportstg.com.
