Quick Steps: Shop > Shop Settings > Facebook or Mobile

Facebook and Mobile will only appear within the Shop Settings menu if these areas have been enabled. If you're interested in enabling these options, please speak to your Account Manager for more information.

1. Within the Management Console, select **Shop** from the top menu, then **Shop Settings** from the left menu.
2. Select **Facebook** or **Mobile** from the expanded left menu.

The screenshot shows the ShopDesq interface. The top navigation bar includes Home, Website, Members, Subscriptions, Shop (highlighted), Auctions, TicketDesq, Events, Registrations, Competitions, Tools, Administration, and SportsTG Noticeboard. The left sidebar menu includes Order Management, Products, Analytics, Shop Settings, and Marketing. Under Shop Settings, the Facebook and Mobile options are visible. The main content area displays the ShopDesq title, a date range selection of 01-Feb-2010 To 28-Feb-2013, and a table with tabs for Order Status and Order Analysis. The table shows data for Outstanding, Completed, and Cancelled orders, categorized by Desktop and Mobile, with a Total column.

Completed	1	\$65.00	0	\$0.00	1	\$65.00
