

Header - Main Header

Last Modified on 16/12/2024 2:20 pm AEDT

Before proceeding, ensure you have setup at least one menu. For help with setting up menus click [here](#).

Navigation Menu

Select which menu will display in your main website header by choosing it from the drop-down menu under **Navigation Menu**. This menu will display on all pages of your website. Standard practice is for this to be the Main Menu.

Main Header	Promo Ribbon	Club Ribbon	Website Link Menu	
Overview help The main header appears at the top of your website.				
Navigation Menu Lets start with creating pages here . Choose the menu you want to display at the top of your website. Menus can be edited/created here . <input type="text" value="Main Menu"/>	Activate Secondary Menu This will activate the secondary menu under the main navigation. <input checked="" type="checkbox"/>	Secondary Menu Choose the menu you want to display under the main navigation. Leave blank for none... Menus can be edited/created here . <input type="text" value="shop menu"/>	Header Partner Link Where do you want your partner link to go to? Leave it empty if you don't want a link. <input type="text" value="https://sportstg.com/"/>	Header Partner Image Recommended image dimension: 100px wide. 
Major Partner Text What text do you want under the major partner image? Max length is 15 characters, this can be blank if you dont want to display any text <input type="text"/>				

Activate Secondary Menu

To display a second menu underneath your main website header, toggle the switch to Yes. This will activate a smaller secondary menu under the main navigation menu. We often use this for Shops. Note this is currently set to the right side of the page to symbolise a separate 'area' of the site. (A future release of the theme will move this secondary menu above the main menu, but below the club and promo ribbons).

Secondary Menu

Select the drop-down box to choose which menu you would like to display for your secondary menu.

Header Partner Link

If you would like to add a second logo to your website header to take users to another website link, insert the link to the website here.

Header Partner Image

If you would like to display a second logo on your website header such as a sponsor logo, click the Add Image button.

This will display on the right-hand side of your website header. This image should be 100px wide by 100px high.

Major Partner Text

You have the option to place some text such as 'Major Sponsor' underneath your Header Partner Image
