

Tiles

Last Modified on 16/12/2024 2:25 pm AEDT

The Tiles section gives you the ability to create call to action Tiles.

Navigate to the Tiles tab and click the HIDE/SHOW button.

The screenshot shows the 'Tiles' configuration interface. At the top, there is a navigation menu with 'Tiles' selected. Below the menu, there are several configuration panels:

- Overview:** This section can be used to display tiles on your homepage. It includes a 'Show' button and a 'Show Section' toggle.
- Background Colour:** Set a custom colour for this section. It includes a 'Select Color' button.
- Background Image:** Set a background image for this section, will override background colour. It includes an 'Add Image' button.
- Section Order (1-99):** 1 = top of page. It includes a text input field with the value '2'.
- Background Type:** Select type of background you want display for the tiles sections. Set your options below. It includes radio buttons for 'colour' (selected) and 'image'.

Below these panels, there is a 'Tiles' section with a description: 'The tiles will display the text and button in the homepage. You can display up to three tiles here.' Below this, there is a detailed configuration for a single tile, including fields for 'CTA Image', 'CTA Heading', 'CTA Text', and 'Button Text'.

Input the relevant Tiles you wish to use. You can display up to three Tiles here.

The screenshot shows the website header with the following navigation menu items: HOME, Add-on templates, Included Page Templates, PHOTO GALLERIES, All Teams, FOOTBALL, and GAMEDAY Heading.

Tiles

The screenshot shows three example tiles displayed on a page. Each tile has a sports-themed image at the top, followed by a heading, a paragraph of text, and a 'Learn more' button.
