

GameDay Events

Last Modified on 16/12/2024 2:38 pm AEDT

NOTE: this section can only be used if your organisation uses our GameDay Events platform. If you do not use this module then you can set up an event within the website itself, using the 'Events' Feature Add On.

The GameDay Events tab allows those organisations that use our GameDay events platform to integrate their events into their website.

1. Under the **SECTIONS** header click on the **GameDay Events** tab.

INTEGRATING EVENTS INTO THE WEBSITE

To integrate your events into our websites you will first need to set up and create events from within your organisation database on GameDay Events, then you can integrate this using ECAL into your website.

1. Once you have set up your events, make sure you have the API Key and WIDGET ID in order to be able to integrate into this section.

2. Input the API Key from your widget into the API KEY section.
